

WHAT IS CLAIMED IS:

for leave-on use on the hair

1. A hair conditioning composition comprising:
 - (1) a carboxylic acid/carboxylate copolymer;
 - (2) a visible particle; and
 - (3) an aqueous carrier
2. The hair conditioning composition according to Claim 1 further comprising an amphoteric conditioning polymer.
3. The hair conditioning composition according to Claim 1 further comprising a humectant.
4. The hair conditioning composition according to Claim 1 further comprising a silicone compound.
5. The hair conditioning composition according to Claim 1 further comprising an additional viscosity modifier.
6. The hair conditioning composition according to Claim 1 further comprising a UV absorber.
7. The hair conditioning composition according to Claim 1 further comprising an optical brightener.
8. The hair conditioning composition according to Claim 1 further comprising a herbal extract.
9. The hair conditioning composition according to any of the preceding claims further comprising an additional conditioning agent.
10. A hair conditioning composition comprising by weight:
 - (1) from about 0.01% to about 10% of a carboxylic acid/carboxylate copolymer;
 - (2) from about 0.01% to about 5% of a visible particle;
 - (3) from about 0.1% to about 20% of a humectant

- 5 (4) from about 0.1% to about 60% of a silicone compound;
(5) from about 0.01% to about 10% of an additional viscosity modifier; and
(6) an aqueous carrier.
